

June 24, 2013

Dear Mr. White:

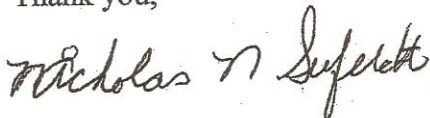

I have been doing very well with my studies at the University of Dubuque in Dubuque, Iowa. I will start my senior year in the fall of 2013, because I when I started school in the fall of 2011 with my private license I advanced one year. I have passed my check ride for my commercial in May and am currently finishing up my multi-engine. I am planning on taking my check ride for that next week. I just passed my CFI written test last week and will start the flying next week. I am also on the flight team for the school and we advanced to the national competition this year, as one of 29 schools selected for the competition.

I enjoy being at UD and it fits me well. While I have been here I have been on the Dean's list every semester, I obtained an RA position, I am an ambassador for the school and I also work for the school at the airport as a dispatcher. A few of us has got the school to start up a NCAA division 3 Lacrosse team, which will start competing next year.

Myself and two other flight students decided to stay all year, we have rented a house together off campus. I hope to complete my CFI and obtain a job with the school as a flight instructor for the remainder of my time here.

I am very glad I chose UD and I was glad you have helped me obtain my goals. You may use any of my updates you would like for promotional use, I would appreciate it if you would send me copies for my portfolio.

Thank you,

Nicholas N. Seefeldt
